Our mission at CHFM is to serve our patients and community, positively shaping the future of health care through outstanding teaching, discovery, and innovation in family medicine.

With this mission, we hope to one day be a nationally recognized model department of the family medicine practice.

With the help and determination of each individual in this book, we know that this will soon become a reality.

For additional information on our faculty, residents, and staff, please visit us at www.chfm.ufl.edu
Biography:

Dr. Peter J. Carek is C. Sue and Louis C. Murray, M.D. Professor and Chair in the Department of Community Health and Family Medicine at the University of Florida. He has authored/co-authored over 94 articles for peer-reviewed journals as well as numerous chapters, monographs, and articles for non-peer reviewed journals. He has delivered over 152 invited presentations and over 98 peer reviewed presentations at national and international conferences.

Dr. Carek is the chair of the ACGME Review Committee for Family Medicine and was the recipient of the ACGME Parker J. Palmer “Courage to Teach” Award in 2009. He was also awarded the AAFP Nikitas J. Zervanos Outstanding Program Director Award in 2010 and the Family Practice Management Award for Practice Improvement in 2015.

Dr. Carek was recently awarded the F. Marian Bishop Leadership Award, presented by the Society of Teachers of Family Medicine Foundation, to honor individuals who have significantly enhanced the credibility of family medicine by a sustained, long-term commitment to the field in academic settings. His areas of interest include graduate medical education, quality improvement in patient care and medical education, and sports medicine.
Dr. R. Whit Curry has been a faculty member with the Department of Community Health and Family Medicine (CHFM) since 1977 and was appointed as Chairman in 1992, serving in that role until October 2013. He has been listed in The Best Doctors in America since 1995, and received certificates of recognition from the American Academy of Family Physicians Foundation and the Florida Medical Association.

Dr. Ken Grauer has written more than 15 books, as well as numerous articles and study aids on the topics of ECG interpretation, cardiac arrhythmias, and ACLS. His books have been translated into four languages and have sold over 500,000 copies nationally and internationally (www.kengrauer.com). His reputation for teaching on cardiology-related topics to diverse medical audiences is universally acclaimed.

Dr. Boyd A. Kellett retired from his academic position in July 2010 as assistant professor emeritus for CHFM. He served 21 years as a faculty member of the Student Health Care Center and medical director at Tacachale Center for the University of Florida.
EMERITUS FACULTY

Shae G. Kosch, PhD
Professor Emeritus
Email: kosch@ufl.edu

Dr. Shae G. Kosch’s primary career focus was family medicine education during her time as a faculty member in CHFM from 1979 through 2010. Significant roles included being the director of the CHFM Behavioral Medicine Program and the Family Stress Clinic.

Louis Kuritzky, MD
Assistant Professor Emeritus
Email: kuritzky@ufl.edu

Dr. Louis Kuritzky joined UF Health Family Medicine - Main in 2000 as a clinical assistant professor. During his career, Dr. Kuritzky has given over 1,300 presentations to professional societies, hospitals, residency programs, and promotional meetings.

Larry G. Rooks, MD
Associate Professor Emeritus
Email: Irooks@ufl.edu

Dr. Larry G. Rooks received his bachelor's degree in government studies from Florida Southern College and his medical degree from the University of Florida. He worked as a veterinary assistant before deciding to matriculate into medical school and later joining the CHFM team.

James T. Wagner, PhD, MDiv
Professor Emeritus
Email: jtwagner@ufl.edu

Dr. James T. Wagner worked with UF Health Shands Hospital from 1970 until 2000 and as the director of pastoral services from 1970 to 1995. He joined CHFM in 2000, serving as the Grace H. Osborn Clinical Assistant Professor in the Bioethics, Law and Medical Professionalism program.
Dr. Lisa Chacko graduated with a bachelor’s degree in Spanish and Master of Public Health degree from the University of Florida. She then received her medical degree from the Perelman School of Medicine at the University of Pennsylvania. Her areas of interest include population health, health policy, primary care innovation, and access to care.

Dr. Brenda B. McMahon graduated with her bachelor's degree in biology from St. Mary’s University and later received her medical degree from the University of Texas. Her professional interests include preventative care and healthy living. She takes pride in improving the health of her patients with individualized care.
Dr. Elvira Mercado received her bachelor's degree in microbiology and cell science from the University of Florida, where she also completed residency training in family medicine. Her goals and interests include working with underserved populations such as the uninsured and migrant workers.

Dr. Kim N. Nguyen received both her bachelor's degree in sociology and medical degree from the University of Florida. Her clinical interests include preventive health care, healthy living, vaccinations and pediatric care.

Dr. Omobola Oduntan received her medical degree from the University of Ibadan in Nigeria and her Master of Public Health degree from Southern Connecticut State University. She is also certified in health education and is interested in preventive health care and women’s health.
Dr. Jason Powell received his Pharm.D. degree from the University of Florida and completed a PGY-1 residency in ambulatory care at the UF Health Family Medicine - Eastside clinic. His research interests include hyperlipidemia medication, warfarin, and diabetes care.

Dr. Karen Theoktisto has over 30 years of experience as a pediatric nurse both in hospital and clinical settings. She specializes in treating children from birth through adolescence, with a particular interest in pediatric behavioral issues.
Dr. Stefania C. Bray received her medical degree from the Universitatea de Medicina si Farmacie Carol Davila in Romania and later completed her family medicine residency at the University of Florida. She is passionate about giving full-spectrum medical care for patients of all ages, preventive health care, family planning, and influenza.

Dr. Philippa Bright received her medical and undergraduate degrees from the University College London Medical School. Following her internship, she specialized in obstetrics and gynecology before taking up a clinical research post in reproductive endocrinology. Her clinical interests include women and adolescent health.
Danielle Chaplin, DNP, ARNP
Nurse Practitioner
Email: stidhd@shands.ufl.edu

Education/Training
DNP (Nursing) | University of Florida
BSN (Nursing) | University of Florida

Dr. Danielle Chaplin received her bachelor’s degree in nursing from the University of Florida and began practicing as an ICU nurse shortly after. She then returned to the University of Florida and received doctoral training in advanced practice nursing as a family nurse practitioner.

Nicholas Dorsey, MD
Assistant Professor
Email: ndorsey@ufl.edu

Education/Training
Residency (Family Medicine) | University of Florida
MD (Medicine) | St. Georges University
Diploma of Higher Education | University of Northumbria Newcastle
BS (Microbiology & Molecular Biology) | University of Central Florida

Dr. Nicholas Dorsey received his bachelor’s degree in microbiology and molecular biology from the University of Central Florida and his medical degree from St. Georges University. His professional interests include preventive medicine and medical education.

Lucia Hansen, MD
Assistant Professor
Email: lhansen@ufl.edu

Education/Training
Residency (Family Medicine) | University of Florida
MD | Faculdade de Medicina de Universidade de Coimbra

Dr. Lucia Hansen received her medical degree from the Faculdade de Medicina de Universidade de Coimbra in Portugal, and she completed her family medicine residency at the University of Florida. Her clinical interests include dermatology, anxiety, and depression.
Dr. Olga Ihnatsenka completed her medical training and practiced medicine in Belarus before moving to the United States. Her clinical interests are primarily preventive health care within family medicine.

Dr. Mitul Jones received her undergraduate degree from the University of Florida before earning her medical degree at the University of Miami. Her clinical interests include women's health and family medicine.

Dr. Michael J. McTiernan received his bachelor's degree in microbiology and medical degree from the University of Florida. His clinical interests include sports medicine, dermatology, and non-invasive procedures.
Dr. Asim Merchant received his bachelor’s degree in biology from Southern Methodist University and his medical degree from St. Mathews School of Medicine. He specializes in primary care, preventative medicine and has a particular interest in the management of non-operative orthopedic injuries for all ages.

Dr. Daniel Rubin received his bachelor’s degree in biology from the University of Central Florida followed by his medical degree and family medicine residency from the University of Florida. His clinical interests include preventive health care and family medicine.
Dr. Alpa Desai received her Doctorate of Osteopathic Medicine from Western University of Health Sciences and completed her family medicine residency at the David Grant Medical Center in California. Her clinical interests include preventive health care and women’s health.

Dr. Samuel Dickmann received his medical degree and completed his family medicine residency training at the University of Florida. His clinical interests include preventive health care and chronic disease management.
Run Gan, MD
Assistant Professor
Email: rungan@ufl.edu

Education/Training
Residency (Family Medicine) | University of Florida
MD (Medicine) | University of Florida
BS (Microbiology & Cell Science) | University of Florida

Dr. Run Gan received his medical degree from the University of Florida, where he also earned a bachelor’s degree in microbiology. His clinical interests include preventive health care and family medicine.

James Medley, MD
Assistant Professor
Email: jmed617@ufl.edu

Education/Training
Residency (Family Medicine) | Wake Forest Univ. School of Medicine
MD (Medicine) | University of Florida
BHS (Health Science) | University of Florida

Dr. James Medley earned his undergraduate degree and medical degree from the University of Florida. His clinical interest includes disease prevention, musculoskeletal injections, dermatology and skin procedures, medical education, and office-based procedures.
Dr. Tanya Anim completed her undergraduate and medical education at Florida State University. Her clinical interests include procedures, obstetrics, women's health, underserved populations, graduate medical education, and organized medicine.

Dr. David B. Feller completed his bachelor’s degree, medical degree, and family medicine residency at the University of Florida. His clinical interests include alternative medical therapies, acupuncture, and herbal medicine.
Scott Garland, PharmD
Post Doctoral Fellow
Email: sgjgarland@cop.ufl.edu

Education/Training
PharmD (Pharmacy) | University of Florida
BS (Chemistry) | University of Florida

Dr. Scott Garland is a postdoctoral pharmacy fellow of family medicine in the Department of Pharmacotherapy and Translational Research who is currently pursuing research interests in primary care.

John G. Gums, PharmD, FCCP
Professor
Email: jgums@ufl.edu

Education/Training
Fellowship (Family Medicine) | Medical University of South Carolina
PharmD (Pharmacy) | Medical University of South Carolina
BS (Pharmacy) | University of Wisconsin-Madison

Dr. John G. Gums received his bachelor's degree in pharmacy from the University of Wisconsin-Madison and later pursued his PharmD degree at the Medical University of South Carolina. He maintains an active clinical research program and has been a part of over 50 research projects since his start at the University of Florida.

Karen L. Hall, MD
Professor
Email: hall@ufl.edu

Education/Training
Residency (Family Medicine) | University of Florida
Internship (Pediatrics) | Letterman Army Medical Center
MD (Medicine) | Eastern Virginia Medical School
BA | Randolph-Macon Woman's College

Dr. Karen Hall received her bachelor's degree from Randolph-Macon Woman's College and her medical degree from Eastern Virginia Medical School. Her clinical interests include general ambulatory care and preventative medicine.
Dr. John Malaty received his medical degree from the University of Florida and his bachelor's degree in biology from Binghamton University. His clinical interest includes ENT in primary care, flexible nasolaryngoscopy, dermatologic procedures, and neurology in primary care.

Dr. Charlie Michaudet received his medical degree from Université de Caen in France, and completed his family medicine residency at the University of Florida. His professional interests include clinical sports medicine, academic administration, and teaching.

Dr. Danielle Nelson graduated with a bachelor's degree in biology from the University of California before pursuing her medical degree and Master of Public Health degree at Tufts University Medical School. Her clinical interests include resident education, women’s health, chronic disease management, and underserved communities.
Mr. Brian H. Nguyen completed his bachelor’s degree in finance and master’s degree at the University of Florida. His clinical interests include preventive health care, healthy living, and dermatology.

Dr. Laura Perry received her bachelor’s degree in psychology, Master of Health Science, and PhD from the University of Florida. She is a licensed mental health counselor and certified rehabilitation counselor at UF Health Family Medicine - Main and at other clinics, as needed.

Dr. Maribeth Porter graduated from the University of Mississippi and completed the Trident/MUSC Residency program serving as chief resident. Dr. Porter’s clinical and research interests include global and underserved health, quality improvement and health services research, and residency education.
David M. Quillen, MD
Associate Professor
Email: quillen@ufl.edu

**Education/Training**
- Fellowship (Faculty Development) | Duke University
- Residency (Family Medicine) | Duke University
- MD (Medicine) | University of North Carolina
- BA (Chemistry & History) | Colby College

Dr. David M. Quillen earned his bachelor's degree in chemistry and history at Colby College and his medical degree at the University of North Carolina. His clinical interests include diabetes, chronic obstructive pulmonary disease, sports medicine, pediatrics, and dermatology procedures.

George P. N. Samraj, MD
Associate Professor
Email: georges@ufl.edu

**Education/Training**
- Residency (Family Medicine) | St. Vincent's
- Residency (OBGYN) | Royal College
- Residency (General Surgery) | Madras Medical College
- MD (Medicine) | Madras Medical College

Dr. George P. N. Samraj earned his medical degree and completed a general surgery residency at Madras Medical College in India. His clinical interests include diabetes, pregnancy care, and women's health.

Jacob M. Szereszewski, MD
Assistant Professor
Email: jszeresz@ufl.edu

**Education/Training**
- Residency (Family Medicine) | University of Florida
- MD | Royal College of Surgeons in Ireland
- MS (Pharmacology/Toxicology) | The University of Western Ontario
- BMedSci (Pharmacology/Toxicology) | The University of Western Ontario

Dr. Jacob Szereszewski completed his undergraduate and master's degree in Pharmacology and Toxicology at The University of Western Ontario. His clinical interests include chronic disease management, diabetes, hypertension, and preventive health care.
Lesa Wright,  FNP-BC
Nurse Practitioner
Email: gilbel@ufl.edu

Education/Training
MSN (Family Nurse Practitioner) | University of Florida
BSN | University of Florida
ASN | Santa Fe Community College

Lesa Wright is a registered nurse practitioner with UF Health Family Medicine - Main. She was previously the clinical programs research coordinator with the Division of Nephrology, Hypertension & Kidney Transplant at the University of Florida.
Brian Fitzgerald, MD  
Assistant Professor  
Email: fitzb178@ufl.edu  

**Education/Training**  
Residency (Family Medicine) | University of North Carolina  
MD (Medicine) | University of Florida  
BS (Psychology) | University of Florida  
Minor (Spanish) | University of Florida  

Dr. Brian Fitzgerald earned his bachelor's and master's degree from the University of Florida before completing his family medicine residency at the University of North Carolina. He is passionate about providing high-quality care to underserved communities and has been involved in student-run free clinics for many years.

Grant Harrell, MD  
Assistant Professor & Program Director (Mobile Outreach Clinic)  
Email: gharrell@ufl.edu  

**Education/Training**  
Residency (Internal Medicine) | University of Kentucky  
MD (Medicine) | University of Florida  
BA (Sociology) | Cornell University  

Dr. Grant Harrell received his bachelor's degree in sociology from Cornell University and his medical degree from the University of Florida. His clinical interests include chronic disease management, preventive health care, joint injections and internal medicine.
Dr. Robert Hatch earned his bachelor’s degree in chemistry, medical degree, and Master of Public Health degree from the University of California. His clinical interests include orthopedic service, substance use disorders, dermatology procedures, and joint injections.

Dr. Jason Konopack earned his bachelor’s degree in microbiology from the University of South Florida and his medical degree from Florida State University. His clinical interests include public health and safety, geriatrics, lifestyle improvements, and medical education.

Dr. Greg Westwood received his PhD from the University of Florida and has chosen family medicine because of the diversity of patients, pathologies, and career opportunities found only in this specialty. His clinical interests include ADHD management, joint injections, healthy living, and dermatology.
Dr. Charles Byrd is a licensed clinical psychologist in the state of Florida. His specializations include psychological evaluation, differential diagnosis, treatment planning, and psychotherapeutic intervention with children, adults, and families.

Dr. Ku-Lang Chang received her associate's degree in acupuncture from the University of Miami and her medical degree at the University of the Witwatersrand in South Africa. Her clinical interests include acupuncture, compliance, medical coding, preventative medicine, and health information technology.
Dr. Helen Hagan received her bachelor's degree at Grinnell College and her medical degree at Uniformed Services University. Her clinical interests include women's health and family medicine.

Dr. Maria E. Lupi received her medical education from the National University of Cordoba in Argentina and completed her family medicine residency at the University of Florida. Her clinical interests include preventive health care and family medicine.

Dr. Frank A. Orlando received his bachelor's degree in chemistry and medical degree from SUNY Binghamton University. His clinical interests include family medicine and oncology.
Dr. Siegfried O.F. Schmidt earned his medical degree and Ph.D. from the University of Cologne in Germany. His clinical interests include chronic disease management, diabetes mellitus, hypertension, hypercholesterolemia, coronary artery disease, and chronic pain conditions.

Dr. Kristy B. Smith completed her bachelor's degree in biomedical sciences, medical degree, and family medicine residency at the University of Florida. Her clinical interests include cancer and radiotherapy.

Dr. Petra Townsend received her bachelor's degree from the University of Florida and her medical degree from Ross University School of Medicine. Her clinical interests include women's health and sports medicine.
Ronald L. Berry, MD
Adjunct Assistant Professor
Email: rberry@ufl.edu

Education/Training
Residency (Family Medicine) | Family Practice of NW Florida
Internship | Pensacola Educational Program
MD (Medicine) | University of South Florida
BS (Chemistry) | University of Florida

Dr. Ronald L. Berry received his bachelor's degree in chemistry from the University of Florida and his medical degree from the University of South Florida. His clinical interests include preventive health care and family medicine.

James R. "Jay" Clugston, MD, CAQSM
Associate Professor
Email: jayclug@ufl.edu

Education/Training
Residency (Family Medicine) | Tallahassee Memorial Hospital
MD (Medicine) | University of Florida
MS (Agroforestry) | University of Florida
BS (Chemistry) | Davidson College

Dr. James R. "Jay" Clugston received his bachelor's degree in chemistry at Davidson College in North Carolina and his medical degree from the University of Florida. His clinical interests include concussion care and sports medicine.
Dr. Katie M. Edenfield received her bachelor’s degree in nutritional sciences and medical degree from the University of Florida. Her clinical interests include sports medicine, sports cardiology, and nutrition.

Dr. Jocelyn Gravlee received her bachelor’s degree in zoology and medical degree from the University of Florida. Her clinical interests include sports medicine and medical education.

Dr. Ann M. Grooms received her bachelor’s degree in human ecology and medical degree at the University of Tennessee. Her clinical interests include sports medicine, eating disorders, and preventive health care.
Dr. Guy Nicolette received his bachelor’s degree in biology from Southwestern University and his medical degree from the University of Texas. His clinical interests include sports medicine, ultrasound, family medicine, and preventive health care.

Dr. Cheree Padilla received her bachelor's degree in microbiology from the University of Florida and her medical degree from the University of South Florida. Her clinical interests include sports medicine, pediatrics, and family medicine.

Dr. Abha Tewari-Washam received her bachelor's degree in biology, medical degree and Masters of Public Health degree from The Ohio State University. Her clinical interests include public health and family medicine.
Dr. Susan Millan received her bachelor's degree in biological sciences from Florida State University and her medical degree from the University of Florida. Her clinical interests include family medicine, hyperbaric oxygen therapy, and skin and wound healing.
William L. Allen, JD, MDiv
Associate Professor
Email: wmallen@ufl.edu

Education/Training
JD (Law) | University of Florida
MDiv (Theology) | Southern Baptist Theological
BA (Religion & Philosophy) | Stetson University

Professor Bill L. Allen received his bachelor's degree in religion and philosophy from Stetson University, Master of Divinity in theology from Southern Baptist Theological, and JD degree from the University of Florida. His professional interests include ethical and legal issues related to advances in genetic technology, advance directives, euthanasia, and conscientious objection in health professions.

Ray E. Moseley, PhD
Assistant Professor
Email: rmoseley@ufl.edu

Education/Training
PhD (Bioethics) | Georgetown University
MA (Medical Ethics) | University of Tennessee
BA (Philosophy/Anthropology) | University of Tennessee

Dr. Ray E. Moseley received his bachelor's degree in philosophy and anthropology from the University of Tennessee, as well as his master’s degree in medical ethics. He went on to graduate with a PhD in bioethics from Georgetown University. His research includes publications on withdrawal of life-sustaining medical treatment, advance medical directives, genetic testing, new medical technologies, and prenatal testing.
Lauren B. Solberg, JD, MTS
Assistant Professor & Program Director
Email: lbsolberg@ufl.edu

Education/Training
JD (Law) | Vanderbilt University
MTS (Religion) | Harvard University
BA (Religion & English) | University of Florida

Professor Lauren B. Solberg graduated with her bachelor’s degree in religion and English from the University of Florida, and received her Master of Theological Studies in religion from Harvard University. Her academic interests include bioethics and aging, protection of human subjects in research, and use of social media in biomedical and social/behavioral research.

Ly-Le Tran, MD, JD, FCLM
Adjunct Associate Professor
Email: ltran@ufl.edu

Education/Training
JD (Law) | Seton Hall University
Residency (Internal Medicine) | Yale Medical Center
MD (Medicine) | Wake Forest University
BA (Biology) | Fordham University

Dr. Ly-Le Tran received her bachelor’s degree in biology from Fordham University and her medical degree at Wake Forest University. She completed her residency in internal medicine at the Yale Medical Center and earned a law degree at Seton Hall University. Her professional interests include health law, drug development, and bioethics.
Dr. Jairo Olivas completed both his undergraduate studies and medical degree at the University of New Mexico in Albuquerque. He completed his family medicine residency at the University of Florida with the intention to pursue sports medicine. Dr. Olivas is excited to remain in Gainesville for his Primary Care Sports Medicine Fellowship.

Dr. Saundra Jackson completed her undergraduate education at The University of North Carolina at Chapel Hill and went to medical school at Northwestern University prior to returning to UNC for her emergency medicine training. Dr. Jackson has been practicing community emergency medicine in Florida for the past seven years, most recently in Jacksonville.
Gary Allen, DO
UF Health Family Medicine - Main
Email: gary.j.allen@ufl.edu

Dr. Gary Allen received his bachelor’s degree in athletic training from Brigham Young University and Doctor of Osteopathic Medicine degree from Des Moines University. His clinical interests are sports medicine, family medicine, and preventive health care.

Kassandra Brown, MD
UF Health Family Medicine - Main
Email: kassandrabrown@ufl.edu

Dr. Kassandra Brown received her bachelor's degree in biology from Burman University and her medical degree from Loma Linda University. Her clinical interests include family medicine and preventive health care.

Lauren Conroy, MD
UF Health Family Medicine - Main
Email: lmconroy@ufl.edu

Dr. Lauren Conroy received her bachelor’s degree in biological sciences from the University of Notre Dame and her medical degree from the University of Florida. Her professional interests include gluten sensitivity and traumatic brain injury.

Denise Driscoll, MD
UF Health Family Medicine - Main
Email: denise.driscoll@ufl.edu

Dr. Denise Driscoll received her bachelor’s degree in nutritional sciences and medical degree from the University of Florida. Her clinical interests include complementary and integrative medicine.
Frank Gonzalez, MD  
UF Health Family Medicine - Main  
Email: frankrgonzalez@ufl.edu  

Dr. Frank Gonzalez received his bachelor’s degree in chemistry from Florida International University and his medical degree from the University of Miami. His clinical interests include military, sports, and wilderness medicine.

Alexander Leasure, MD  
UF Health Family Medicine - Main  
Email: alex.leasure@ufl.edu  

Dr. Alexander Leasure received his bachelor's degree in biology from the University of Central Florida and his medical degree from the University of Queensland in Australia. His clinical interests include family medicine, sports medicine, and preventive health care.

Jason Seitchik, MD  
UF Health Family Medicine - Main  
Email: jason.seitchick@ufl.edu  

Dr. Jason Seitchik received his bachelor's degree in biochemistry from Franklin and Marshall College and his medical degree from Albert Einstein College of Medicine in New York. His clinical interests include family, rural, and sports medicine.

Janelle Wilkinson, MD  
UF Health Family Medicine - Main  
Email: janellewilkinson@ufl.edu  

Dr. Janelle Wilkinson received her Bachelor of Science in chemistry from Queen's University in Canada and her medical degree from the Royal College of Surgeons in Ireland. Her clinical interests include obstetrics, gynecology, and academic medicine.
Dr. Ashkan Alkhamisi received his bachelor's degree in molecular and cellular biology as well as his medical degree from the University of Arizona. His clinical interests include family medicine and preventive health care.

Dr. Steven Faulks graduated from the University of Mississippi with a Bachelor of Engineering in general engineering with a pre-med emphasis. He also received his MBA and medical degree from the University of Mississippi. His clinical interests include family medicine and preventive health care.

Dr. Joshua Gunpat received his bachelor's degree in biology and medical degree from the University of Texas. His clinical interests include diabetes, hypertension, and quality improvement.

Dr. Thomas Lotina received his Master of Acupuncture and Oriental Medicine from Oregon College of Oriental Medicine and medical degree from the University of Arizona. His clinical interests include acupuncture, addiction, and chronic pain management.
Mruga Nanavati, MD
UF Health Family Medicine - Main
Email: mnanavati@ufl.edu

Dr. Mruga Nanavati received her bachelor's degree in molecular and cellular biology from the University of Illinois and her medical degree from Oakland University. Her clinical interests include preventative medicine, obesity medicine, and global health.

Stephen Saenz, DO
UF Health Family Medicine - Main
Email: stephen.saenz@ufl.edu

Dr. Stephen Saenz received his bachelor's degree in biology from Baylor University and his Doctor of Osteopathic Medicine degree from Texas College of Osteopathic Medicine. His clinical interests include sports medicine, meningitis B, and family medicine.

Kiersten Swayne, MD
UF Health Family Medicine - Main
Email: kiersten.swayne@ufl.edu

Dr. Kiersten Swayne received her bachelor's degree in radiological science and medical degree from the University of North Carolina. Her clinical interests include underserved populations, sports medicine, and integrative medicine.

Krishna White, MD
UF Health Family Medicine - Main
Email: kdub05@ufl.edu

Dr. Krishna White earned his undergraduate degree from the University of Florida and became actively involved in mentoring first generation college students. He then continued his studies at Ross University, where he earned his medical degree.
Dr. Ming-Jim Yang received his bachelor’s degree in biology and master’s degree in physiology from the University of California in Los Angeles. He continued his studies at Mount Sinai Medical School, where he graduated with his medical degree. His clinical interests include general surgery, abdominal organ transplantation, liver transplantation, and academic medicine.
RESIDENTS PGY I

Kelcie Brown, MD
UF Health Family Medicine - Main
Email: kelciebrown@ufl.edu

Dr. Kelcie Brown received her bachelor's degree in biology from Burman University and her medical degree from Loma Linda University. Her clinical interests include community medicine and preventive health care.

Rachael Hager, MD
UF Health Family Medicine - Main
Email: r.hager@ufl.edu

Dr. Rachael Hager received her bachelor's degree in cellular and molecular biology and her medical degree from Marshall University. She is interested in primary care for rural populations as well as obstetrics.

Hunter Haley, MD
UF Health Family Medicine - Main
Email: hhaley@ufl.edu

Dr. Hunter Haley received his bachelor’s degree in sports medicine from Samford University and his medical degree from the University of Alabama. His clinical interests include a focus on rural community health.

Thanh-Tam Le, MD
UF Health Family Medicine - Main
Email: let@ufl.edu

Dr. Tam Le received her bachelor's degree in biology and medical degree from the University of North Carolina. Her studies also took her abroad to Peru, where she became interested in population health and serving underserved communities.
RESIDENTS PGY I

Anne Littell, DO
UF Health Family Medicine - Main
Email: alittell@ufl.edu

Dr. Anne Littell received her bachelor’s degree in biology from the University of Florida and her Doctor of Osteopathic Medicine from Lake Erie College of Osteopathic Medicine. Her clinical interests include pediatrics and dermatology.

Andrew Miller, MD
UF Health Family Medicine - Main
Email: andrewmmiller@ufl.edu

Dr. Andrew Miller received his bachelor’s in biology from the University of Florida and his medical degree from Florida International University. His clinical interests include providing primary care to underserved populations within the community.

Chirag Panchal, DO
UF Health Family Medicine - Main
Email: cpanchal@ufl.edu

Dr. Chirag Panchal received his bachelor’s degree in biochemistry and molecular biology from Pennsylvania State University and his Doctor of Osteopathic Medicine from Philadelphia College of Osteopathic Medicine. His clinical interests include preventive health care and academic medicine.

Eric Pettyjohn, MD
UF Health Family Medicine - Main
Email: epettyjohn@ufl.edu

Dr. Eric Pettyjohn received his bachelor's degree in exercise physiology and medical degree from West Virginia University. His clinical interests include preventive health care and sports medicine.
Inocente Santiago III, MD
UF Health Family Medicine - Main
Email: i.santiago@ufl.edu

Dr. Inocente Santiago received his bachelor's degree in biology and medical degree from the University of Florida. He has a passion for hands-on procedures with specific interest in dermatology and sports medicine.
MOBILE OUTREACH CLINIC

Virginia "Ginny" Bruzzese, RN
Mobile Outreach Clinic
Contact Information
Email: gbruzz@ufl.edu

Responsible for assisting doctors, physician assistants, and nurse practitioners in the delivery of medical care to clinic patients. Duties include collecting and testing specimens, ordering prescriptions, administering medications, providing health education and counseling to patients, and maintaining adequate inventory levels of medical supplies. Also, provides mentorship to students and volunteer care coordinators.

BuSanda Frost, ARNP
Mobile Outreach Clinic
Contact Information
Email: Busanda.Frost@medicine.ufl.edu

Responsible for providing guidance and direction to MOC’s clinical staff Thursday—Friday. In addition to providing care to patients, she also advises volunteer providers and nursing staff on the types of quality cost-effective care and services available. Participates in individual events and provides mentorship to care coordinators.

Jorge Herrera
Bus Driver
Mobile Outreach Clinic
Contact Information
Email: jorgeaherrera@ufl.edu

Provides needed support to clinic operations as required. Duties include the setup of the patient waiting area, patient sign-in, registration, and managing the quantity and flow of clinic patients. Ensures all electronic and medical equipment is accounted for at the beginning and end of clinic shifts. Serves as the primary driver of clinic bus and oversees the maintenance of the vehicle.
Abyson Kalladanthyil
Volunteer Coordinator
Mobile Outreach Clinic

Contact Information
Email: akalladanthyil97@ufl.edu

Responsible for recruiting, training, and supervision of up to 50 volunteer care coordinators each semester. Also, assists with fulfilling inventory requests for the clinic, collecting data for monthly reports, coordinating support staff for special events, maintaining MOC’s website, and distribution of monthly clinic schedule.

Michelle Nall, ARNP
Mobile Outreach Clinic

Contact Information
Email: Michelle.Nall@medicine.ufl.edu

Responsible for providing guidance and direction to MOC’s clinical staff Monday—Wednesday. In addition to providing care to patients, she also advises volunteer providers and nursing staff on the types of quality cost-effective care and services available. Participates in individual events and provides mentorship to Care Coordinators. Michelle also spearheads MOC’s Women’s Health services including long-acting reversible contraception initiatives, assisting with grant proposals and reports, and promoting community partnerships.

Sherice Stewart
Program Assistant
Mobile Outreach Clinic

Contact Information
Email: sherices@ufl.edu

Coordinates Mobile Outreach Clinic operations and staffing, performing a variety of duties including the management of recruitment, training, clinic schedule, budgets, vehicle maintenance, and community partnerships. Also, responsible for tracking regulatory requirements from the College of Medicine, the University of Florida, the Florida Department of Health, and federal, state, county, and local governments.
